

Illegal Jersey Number (Example)

By on November 21, 2014

basketball

Rule 3-3 covers the regulations of the numbers. The number shown here is illegal in several ways.

1. Numerals 6, 7, 8 and 9 are not legal.

2. The number should be solid in color.

Camouflage fabric cannot be used on the number or the body of the jersey. It can be used in the side insert or the shoulder area above the apex of the neck of the jersey or it may be used on the shorts/pants.

If there are questions about the use of such fabric, contact the state office. Manufacturers should contact the NFHS.
